## Student Engagement Policy

### 1. Rationale:

- 1.2. Students who attend school regularly have the greatest opportunities to learn and to develop a positive attitude to learning. Student engagement is a key factor in promoting student attendance.
- 1.3. This policy sets out the school's position on student engagement, student attendance and student behaviour.

### 2. Definitions:

Student engagement can be defined as three interrelated components:

- 2.1. **Behavioural engagement** refers to students' participation in education, including the academic, social and extracurricular activities of the school.

- 3.6. To have each student attend school every day, except in cases of illness or other exceptional circumstances.
- 3.7. To provide support for individuals who are at risk of disengaging, not attending or developing inappropriate behaviours.
- 3.8. To provide support for students who are adversely affected by the inappropriate behaviour of other students.

### 4. Strategies to promote positive student engagement and attendance:

- The student is asked to make up missed learning in his/her own time e.g. at eating time, home, break times. (No more than half the time allocated for any recess may be used for this purpose)
- If the behaviour continues the student may be asked to move temporarily to another space or to the care of a senior member of staff
- The student may be asked to provide a verbal or written statement or apology
- The student may be asked to complete a form of community service
- The student and his/her family may be asked to repair or pay for damage to property or equipment

## **Appendix 5:**

### **EXCLUSION PROCEDURES: SUSPENSION AND EXPULSION**

At Parkmore Primary School, parents/carers are involved in exclusion procedures.

#### **SUSPENSION – General Information**

Suspension is a serious disciplinary measure and should only be used when other measures have not produced a satisfactory response.

Suspension should be used for the shortest time necessary. The maximum period of time a student can be suspended consecutively is five school days. 'School days', as referred to in this document, does not include weekends, public holidays or school holidays. A student cannot be suspended for more than fifteen school days in a school year, unless approval is sought from the Regional Director. However, a student may be suspended for a further period (not exceeding five school days) pending the Principal's decision whether to expel a student.

For further information:

- School Policy & Advisory Guidelines: Suspensions  
<http://www.education.vic.gov.au/school/principals/spag/participation/Pages/suspensions.aspx>

#### **EXPULSION – General Information**

The school Principal has the authority to permanently exclude a student from his or her school according to the Department of Education & Training's procedures. This power cannot be delegated to any other person at the school level.

Permanent expulsion from a school is the most extreme sanction open to a Principal. Except in the most unusual and extreme circumstances, it will only be used after all other relevant forms of behaviour management outlined in the engagement guidelines have been exhausted.

#### **STUDENT SUPPORT GROUP GUIDELINES**

A Student Support Group meeting may be held to exchange information and facilitate strategies to address social, emotional, academic and/or behavioural concerns.

These meetings are to be held at a time suitable both to the school and to the parents/carers.

The procedures for such meetings will vary depending on the needs of individuals and schools, but they promote positive behaviours through a staged response.

As well as teachers, parents/carers and the student, the meeting could involve the Principal or nominee and any support staff who have been involved with the student and/or the student's family or who have particular relevant expertise or a person requested by the parents/carers.

The Principal must ensure suitable language interpretation facilities are made available, if relevant.

A brief written statement including a list of participants and agreed outcomes should be maintained to assist future problem-solving processes at the school.

The statement should be verified by the parents/carers and/or student and remain confidential.
